

## Square urban furniture planter 100x100 h319\_43

Square monoblock planter in high-strength concrete, 100x100x80 cm. Polished accident-prevention structure for urban furniture and public spaces.

The **monoblock concrete planter** represents a high-end structural solution for outfitting outdoor areas subject to heavy traffic. Designed to combine architectural aesthetics and mechanical resistance, its high-performance concrete conglomerate composition ensures excellent durability against the erosive action of atmospheric agents and UV rays. The **fully polished** finish not only provides a modern and clean appearance but also eliminates every sharp edge, ensuring user safety in sensitive contexts such as schools, squares, and public gardens.

## Technical features

- **Material:** High-performance monoblock concrete
- **Geometry:** Square shape
- **Dimensions:** 100x100 cm
- **Height:** 80 cm
- **Weight:** Approximately 530 Kg
- **Finish:** Polished surfaces with rounded corners
- **Production:** Made in Italy

**Optional:** Availability of custom color finishes for coordination with pre-existing urban furniture.
