

Stackable canteen tray h30320

Ergonomic stackable tray ideal for serving food and drinks. Made of polypropylene. Dimensions: 456 x 356 mm. Pack of 30 pcs. Available in various colors.

Perfect tray for use in fast food restaurants, canteens, and snack bars that need to serve food and drinks quickly and easily, or that offer a self-service type of service.

The possibility of **stacking** the trays on top of each other allows you to **optimize** the available space.

Thanks to the **ergonomic handle**, the tray is practical to use and move.

The product is made of **certified polypropylene** for food use and is **suitable** for contact with **food**.

The tray is able to **withstand heat** and thermal shocks (+85°C).

The rectangular shape with **reinforced rounded corners** promotes greater resistance to breakage.

The material used makes the tray **resistant** to **stains** and **scratches**.

Once used, the trays are **easy to clean** and can also be washed in **professional dishwashers**.

The tray pack is available in different colors and the product has external measurements of 456 x 356 mm.

Technical features:

- Material: 100% food-grade PP (polypropylene)
- External measurements: 456 x 356 mm
- Internal measurements: 370 x 325 mm
- Scratch-resistant
- Stain-resistant
- Heat-resistant
- Resistant to thermal shocks at +85°C
- Professional dishwasher safe
- Reinforced rounded corners
- Stackable
- Pack: 30 pcs
