

Stackable preschool chair h908_177

Stackable wooden chair. Size 1. Dimensions: W 25.5 x D 26 x H 26 cm.

The **h908_177 preschool chair** is a seat designed for daily use in school environments, ideal for children aged **3 to 4 years**. Made with a **solid beech wood structure**, it guarantees **stability, durability, and safety**, even in high-use contexts such as nurseries and preschools.

The **seat and backrest are made of beech plywood**, to offer a comfortable and correct seat according to the ergonomic criteria provided by the **EN 1729** standard. The **seat height of 26 cm** corresponds to **size 1**, perfect for the first school age group.

One of the main advantages of this model is the **stacking function**, which allows for **space optimization** when the chairs are not in use. This makes it particularly suitable for contexts where flexibility and order are important.
