

Stainless steel all-purpose waste trolley h8621

Stainless steel waste trolley 110L with handle, pedal and wheels. HACCP compliant for industries and laboratories.

Professional waste trolley designed for the collection and transport of waste in industrial, corporate and laboratory environments. Made entirely of **stainless steel**, it guarantees hygiene, durability and resistance in contexts with high hygiene requirements. The robust structure is equipped with an **ergonomic handle** for a secure and firm grip, a **large pedal** for easy operation and **smooth wheels** that allow fluid movement on flat surfaces.

The integrated bag holder elastic allows stable fastening of the waste bag, preventing slipping during transport. The product meets professional hygiene standards and is **HACCP compliant**, making it suitable for food, medical and industrial sectors where cross-contamination must be minimized.

Technical features

- Material: stainless steel
- Capacity: 110 liters
- Dimensions: width 440 mm × depth 530 mm × height 900 mm
- Weight: 7 kg
- Smooth wheels with 150 mm diameter
- Large pedal for hands-free opening
- Sturdy transport handle
- Integrated bag holder elastic
- HACCP compliant

Note: the waste bag is not included in the supply
