

Stainless steel and metal pedal bin h413_72

70-liter rectangular stainless steel bin with pedal lid, front-opening door, and mobile trolley. Ideal for waste sorting in offices and public spaces.

Professional **70-liter** bin designed for **waste sorting** management in high-traffic environments. Made of **stainless steel**, it combines structural strength and modern aesthetics, suitable for offices, receptions, public spaces, and professional kitchens. The **lid with pedal opening** ensures hygienic contactless access, while the **front-opening door** simplifies emptying and replacing the internal bag. The structure is completed by a **handle, pedal, and trolley equipped with wheels**, made of **black painted tubular metal**, which ensures stability and ease of movement. The **compact dimensions of 36 × 46 × 70 cm** make it suitable even for small spaces without compromising on capacity.

Technical features

- **Capacity:** 70 liters
- **Dimensions:** 36 × 46 × h.70 cm
