

Stainless steel basin stand for operating rooms h442_27

Stainless steel basin stand for surgical rooms. Height: 825 mm. Capacity: 4 kg.

The basin stand is a necessary product for **operating rooms** and **emergency rooms** where dressings are generally performed and there is therefore a need to **collect medical material in a clean and hygiene-compliant way**. The trolley is equipped with a **basin with a diameter of 32 cm** and has a height of **82.5 cm**. Solid **wheels with a diameter of 5 cm** are fixed to the base of the product, allowing the trolley to be moved with extreme ease and safety from one room to another.

Technical features:

- Material: stainless steel
- Base diameter: 63.5 cm
- Wheel diameter: 5 cm
- Trolley height: 82.5 cm
- Number of basins: 1
- Basin diameter: 32 cm
- Capacity: 4 kg

The operating room basin stand h442_27 is also available on the MEPA portal. Find out how to find our company on the [Public Administration portal](#).
