

Stainless steel bin for restaurants h2284

50-liter stainless steel bin for catering, with wheels and manual lid, diameter 390 mm, height 610 mm.

The bin is specifically designed for catering environments where fast and hygienic waste management is essential. Made of **stainless steel**, it offers structural resistance and facilitates daily cleaning operations. The configuration on wheels allows for easy movement even when the container is fully loaded, reducing operator fatigue.
