

Stainless steel cheese trolley h1051_01

Dismountable STAINLESS steel cheese trolley h1051_01 (60x80x180h cm). Includes 8 perforated food-grade polyethylene shelves for optimal seasoning.

The **h1051_01 stainless steel cheese trolley** is professional equipment specifically designed to optimize internal logistics in dairy production laboratories. This product solves the crucial need to move cheese wheels in a hygienic and safe way, ensuring a smooth transit from the production laboratory to the seasoning room. Aimed at professionals in the dairy sector, it combines maximum mechanical strength with a design totally oriented towards food safety. Its completely dismountable structure simplifies deep sanitization operations, while the perforation of the support shelves supports the natural processes of product maturation.

Technical features

- **Supporting structure material:** Stainless steel frame, completely dismountable
- **Shelves material:** Certified food-grade polyethylene
- **Number of shelves:** 8 perforated shelves for optimal ventilation
- **Total dimensions (W x D x H):** 60 x 80 x 180 cm
- **Overall dimensions with wheels (B x C x A):** 692 x 882 x 1790 mm
- **Internal useful shelf dimensions (F x G):** 553 x 775 mm
- **Shelf thickness (E):** 27 mm
- **Distance between shelves (D):** 205 mm
- **Movement system:** 4 monobloc wheels (diameter 80 mm) in Nylon with stainless steel frame
- **Total wheel and support height:** 108 mm
