

Stainless steel clothes hook h218_242

Clothes hook h218_242 in satin-finish AISI 304 stainless steel. Concealed wall fixing with screws for public environments. Dim: 45.5x25.3x43.6 mm.

The **Stainless steel clothes hook h218_242** is a professional accessory designed for the outfitting of restrooms and high-traffic premises. This element meets the operational need to provide a secure and stable hanging point for garments or bags, preventing direct contact of personal belongings with floor surfaces in areas frequented by a high number of users. Designed for public facility managers and interior designers, the hook is made of AISI 304 stainless steel with a satin finish to ensure high resistance and durability over time. The device features a concealed wall fixing system using the screws included in the scope of delivery, eliminating visible joints for a clean surface. The product is suitable for public environments, restrooms, bathrooms, and changing rooms, and is available in various finishes.
