

Stainless steel fast food tray trolley h314_69

Professional **triple column** tray trolley made of **AISI 304 stainless steel**. Capacity **30 Euronorm (EN) format trays**, ultra-robust 20x20 mm square tube structure and 125 mm wheels with bumpers. The definitive solution for large cooking centers and canteens requiring maximum efficiency and hygiene.

The **AISI 304 stainless steel triple column tray trolley** is the logistical answer for high-volume catering facilities using the Euronorm standard. Thanks to its impressive storage capacity, this trolley allows for the organization of up to **30 EN trays** in a single move, drastically optimizing clearing and distribution times in large canteens, hospitals, and catering centers.

The structure is built entirely of **18/10 stainless steel** (20x20 mm square tube), the material of choice for professional catering due to its total resistance to corrosion and ease of sanitization. The stainless steel runners are distributed over three side-by-side columns, ensuring stability and fluid access. Movement is handled by 4 swivel wheels of 125 mm, equipped with **circular rubber bumpers** to protect walls and equipment from accidental impacts during transit.

Technical features

- **Structure material:** 18/10 AISI 304 Stainless Steel (20x20 mm square tube)
- **Runner material:** 18/10 Stainless Steel
- **Capacity:** 30 Euronorm (EN) format trays
- **Configuration:** Triple column (10+10+10 levels)
- **Movement:** 4 swivel wheels Ø 125 mm
- **Protection:** Non-marking rubber corner bumpers
- **Total dimensions:** W 1290 x D 600 x H 1540 mm
- **Net weight:** 24 kg
- **Optional:** Wheel kit with brake available on request

** Trays not included. Product complies with HACCP hygiene and health regulations.*

INFORMATION

- **capacity** 30 vassoi
- **Height in millimetres** 1540.000000
- **Width in millimetres** 1290.000000
- **Depth in millimetres** 600.000000
