

Stainless steel fast food tray trolley h314_71

Professional single-column tray trolley in **AISI 304 stainless steel**. Capacity **12 Euronorm (EN) trays**, sturdy square tube structure with "L" guides and 125 mm wheels equipped with brakes. Ideal for optimizing vertical space in canteens and laboratories with the maximum guarantee of hygiene.

Short Description (preview) Professional single-column tray trolley in AISI 304 stainless steel. Capacity 12 Euronorm (EN) trays, sturdy square tube structure with "L" guides and 125 mm wheels equipped with brakes. Ideal for optimizing vertical space in canteens and laboratories with the maximum guarantee of hygiene. Description (HTML) + Technical features (HTML)

The **AISI 304 stainless steel tray trolley** is the professional solution designed for those who need to combine high storage capacity and minimum floor space. Thanks to its vertical height of 180 cm, this model allows for organizing **12 Euronorm trays** in an orderly and safe way, making it an indispensable ally in canteens, fast-food outlets, and pastry laboratories.

The structure is entirely made of **18/10 AISI 304 stainless steel** with 20x20 mm square tubing, a material that ensures total resistance to corrosion and absolute ease of sanitation (HACCP). The L-profile guides, 50 mm deep, guarantee stable support for 530x370 mm trays. Movement is extremely smooth thanks to the 4 swivel wheels of 125 mm: the presence of **two parking brakes** and **corner bumpers** allows for operation in total safety even at full load, protecting the walls and furniture of the facility.

Technical features

- **Structure material:** 18/10 AISI 304 Stainless Steel (20x20 mm square tube)
- **Guide material:** Stainless Steel with L-profile (50 mm depth)
- **Capacity:** 12 Euronorm format trays (530 x 370 mm)
- **Distance between levels (Pitch):** 115 mm
- **Movement:** 4 swivel wheels Ø 125 mm (2 with integrated brake)
- **Protection:** Circular non-marking rubber bumpers
- **Total dimensions:** W 480 x D 600 x H 1800 mm
- **Net weight:** 21 kg

* Trays not included. Product built to withstand intensive daily use.

INFORMATION

- **capacity** 12 trays
- **Height in millimetres** 1800.000000
- **Width in millimetres** 480.000000
- **Depth in millimetres** 600.000000
