

Stainless steel hand wash basin for professional kitchen h956_11

AISI 304 stainless steel hand wash basin, prepared for custom mixers, wall mounting. Dimensions: W 50 x D 50 x H 23.5 cm.

The **stainless steel hand wash basin for professional kitchen h956_11** is designed to meet the hygiene and practicality needs in environments such as restaurants, canteens, food laboratories, and other professional kitchens. Made of **AISI 304 stainless steel**, this hand wash basin combines corrosion resistance and durability, making it suitable for frequent use in environments where humidity and the need for frequent cleaning are critical factors. AISI 304 stainless steel not only ensures a long life, but also maintains an impeccable appearance even after intensive use.

One of the main features of this model is its **flexibility of use**, as it is supplied **without a dispenser**, allowing you to choose and install **lever mixers** or **sensor mixers** either on the sink top or on the wall. This option allows you to customize the hand wash basin according to your specific needs, making it particularly versatile for those who require tailor-made solutions for their professional kitchen.

The **compact design** with dimensions **W 50 x D 50 x H 23.5 cm** makes it ideal for placement even in tight spaces, while still ensuring a comfortable washing surface. The provision for **wall mounting** not only optimizes the workspace, but also facilitates cleaning operations under and around the hand wash basin, contributing to maintaining a hygienic environment.

The robustness of the construction allows the hand wash basin to withstand frequent use without losing stability or functionality. The sink top is designed to avoid water accumulation, promoting rapid drying and keeping the station always clean and ready for use. This model is particularly suitable for those looking for a professional, resistant, and easy-to-maintain solution.

Discover the quality and versatility of the **stainless steel hand wash basin for professional kitchen h956_11**. Customize your station with the ideal mixer and ensure an always hygienic and functional environment. Order now!

Technical characteristics:

- **Material:** AISI 304 stainless steel, durable and corrosion-resistant
