

Stainless steel hand wash basin for professional kitchens h464_149

Professional stainless steel hand wash basin with knee control. Total dimensions: W.440 x D.330 x h.185 mm

This wall-mounted **hand wash basin** is ideal for environments where continuous hand cleaning is necessary, such as kitchens, work areas with chemicals, operating rooms, etc. The hand wash basin is entirely **in stainless steel**, a material that is easy to clean and reduces contamination risks. The delivery includes the drainage pipe, the mixing valve, and the tap. During installation, it is possible to set the water temperature; otherwise, the product will dispense only hot or cold water. Operation is via **knee control**.
