Stainless steel hotel luggage rack h43865

Stainless steel hotel luggage rack with folding structure. Dimensions: 570x500x450

The **stainless steel hotel luggage rack h43865** is a technical furnishing accessory, designed to integrate perfectly into contexts with simple and modern decor such as hotels, resorts, relais, and various types of accommodation facilities. The use of **stainless steel** in the construction of the frame guarantees maximum resistance to the weight of the luggage, ensuring impeccable stability even with bulky loads. Thanks to its **folding X-frame structure**, the product can be stored with extreme ease inside wardrobes or niches, avoiding unnecessary clutter when not in use. The support surface consists of **black nylon and polyester straps**, which act as an elastic yet resistant support, while offering a clean and professional aesthetic that enhances the order of the room.
