

Stainless steel instrument table h705_03

Polished stainless steel Mayo stand trolley. Tray dimensions: 600 x 400 mm. Adjustable height: 750-1150 mm.

The surgical instrument table is essential for surgeons and doctors engaged in operations and dressings within hospitals and clinics.

A screw allows for height adjustment **from 750 to 1150 mm** with the support of a pneumatic spring. The tray with welded corners features **a surface of 600 x 400 mm**.

The 4 twin plastic wheels with a diameter of 65 mm allow the trolley to be moved in complete safety.

Technical features:

- Material: polished stainless steel
- Tray dimensions: 600 x 400 mm
- Height: from 750 to 1150 mm
- Adjustment via screw and pneumatic spring
- 4 plastic wheels Ø 65 mm (2 with brake)
- Base in 40 x 30 mm steel tube

INFORMATION

- **Adjustable height** from 75 to 115 cm
- **Tray size** 60 x 40 cm
