

Stainless steel instrument trolley h527_25

Stainless steel AISI 304 instrument trolley with 2 shelves and 4 swivel castors, ideal for professional environments.

The **h527_25 stainless steel instrument trolley** is designed for the transport and organization of instruments, materials, and equipment in professional environments. The structure entirely made of AISI 304 stainless steel guarantees a functional solution for contexts requiring resistant and easily manageable surfaces.

Equipped with two AISI 304 stainless steel sheet shelves with Scotch Brite finish, the trolley allows for the orderly arrangement of instruments and accessories during operational activities. The four 100 mm swivel castors, two of which have brakes, facilitate movement and allow the trolley to remain stable during use.

Technical features

- **Model:** Instrument trolley h527_25
