

Stainless steel luggage rack h464_188

Professional mirror-polished stainless steel luggage rack, 60x50 cm. Folding structure with raised wall-saver backrest and 25 kg load capacity.

The **h464_188 luggage rack** is a professional support made of **mirror-polished stainless steel**, designed to offer a classic and elegant look that integrates perfectly into any type of hotel furniture. The structure is characterized by a **raised backrest**, a fundamental technical solution to prevent luggage from coming into contact with vertical surfaces, thus preventing scratches and damage to the room walls. Thanks to its intuitive mechanism, the luggage rack folds quickly and easily, solving the operational problem of bulk when not in use by guests. Lightweight yet durable, it represents a standard of hygiene and durability for high-level hotels, residences, and accommodation facilities.
