

Stainless steel plate trolley h31423

AISI 304 stainless steel plate trolley, capacity 200 plates, Ø125mm swivelling wheels with brakes, dimensions 910x570x900mm.

The plate trolley is a tableware handling solution designed for professional and collective catering environments. Ideal for **restaurants, snack bars, canteens, catering, and hotel dining rooms**, it allows for the efficient transport, collection, and distribution of plates during service.

The structure guarantees **resistance and durability over time** thanks to the 18/10 AISI 304 stainless steel construction with 20x20mm square tubing. The **slanted and reinforced bottom shelf** allows for the transport of approximately 200 plates by evenly distributing the load. Mobility is ensured by **four Ø125mm swivelling wheels**, 2 of which are equipped with brakes for stability during loading and unloading operations, completed by 4 bumpers for environment protection.

Technical features

- Type: plate trolley
- Material: 18/10 AISI 304 stainless steel
- Structure: 20x20mm square tube
- Capacity: 150kg (approx. 200 plates)
- Shelf: slanted and reinforced
- Wheels: 4 swivelling Ø125mm (2 with brake)
- Bumpers: 4 units
- Dimensions: W910 × D570 × H900 mm
- Weight: 22kg
