

Stainless steel service trolley h45611

AISI 304 stainless steel service trolley with 3 shelves, round tube structure and swivel wheels. Resistant, hygienic and with quick assembly.

The **h45611** service trolley is a professional solution designed for safe and hygienic handling in HoReCa and healthcare environments. Made entirely of **brushed finish stainless steel**, the trolley combines a round tube load-bearing structure with stamped tray-style shelves, ensuring maximum stability even when fully loaded. The **AISI 304 stainless steel sheet** base ensures high corrosion resistance, essential in contexts where frequent cleaning is an essential operational requirement. The supply system in KIT form allows for logistical optimization, while maintaining the simplicity of **quick assembly without the use of tools**.

Technical features

- Material: Stainless steel with AISI 304 base
- Finish: Brushed anti-fingerprint surface
- Configuration: 3 reinforced tray-shaped shelves
- Structure: Round tube frame with 2 integrated handles
- Handling system: Ø140 mm swivel wheels
- Safety: 2 wheels equipped with brakes and grey rubber perimeter bumpers
- Assembly: Supplied in disassembled kit, easy manual assembly
