

Stainless steel service trolley h45612

Brushed stainless steel service trolley, 810x500x860 mm. Robust structure with tray shelves and tool-free quick assembly. The professional service trolley **h45612** is a versatile solution designed to optimize transport and handling in environments that require high hygiene standards. Made entirely of **stainless steel with a brushed finish**, this model combines a round tubular structure with pressed tray-shaped shelves, ideal for preventing objects from falling or liquids from spilling during transit. The supply in a disassembled kit facilitates logistics, while the simplified assembly system allows for immediate setup without the use of tools.

Technical features

- **Material:** High-resistance stainless steel
- **Finish:** Non-reflective brushed surface
- **Structure:** Round tube frame for an ergonomic grip
- **Loading shelves:** Pressed tray shelves with containment edges
- **Shelf dimensions:** 780 x 430 mm
- **Total dimensions:** 810 x 500 x 860 mm
- **Load capacity:** 80 kg total (distributed)
- **Protection:** Four non-marking grey rubber bumpers
- **Assembly:** Tool-free quick interlocking system
