

Stainless steel service trolley h956_08

Professional service trolley in AISI 304 stainless steel with 3 shelves with containment edge, 60x90x96 cm. Non-marking wheels with braking system.

The **h956_08** service trolley is a high-performance logistics solution designed for intensive use in HoReCa and healthcare contexts. Entirely made of **AISI 304 stainless steel**, this tool offers excellent resistance to oxidation and an ease of sanitization essential for compliance with hygiene protocols. The round tube structure guarantees superior structural stability, supporting significant loads without bending.

Technical characteristics

- **Material:** Food-grade AISI 304 stainless steel
- **Configuration:** 3 smooth shelves with 40 mm perimeter containment edge
- **Structure:** Supporting frame in electrowelded round tube
- **Movement system:** 4 swivel wheels Ø 125 mm in non-marking rubber
- **Safety:** 2 wheels equipped with independent foot brake
- **Ergonomics:** Push handle integrated into the structure for easy maneuverability
- **Overall dimensions:** W 60 x D 90 x H 96 cm
