

Stainless steel service trolley with 2 shelves h83324

Professional stainless steel service trolley with 2 shelves. Load capacity 80 kg, dimensions 95x51x94 cm, braking wheels and integrated bumpers.

The h83324 service trolley represents a fundamental logistical solution for operational efficiency in professional contexts such as restaurants, hotels, canteens and food laboratories. Entirely made of **stainless steel**, this support guarantees the highest standards of hygiene and mechanical resistance, facilitating the safe transport of dishes, raw materials or heavy equipment.

The design focuses on durability: the **two reinforced shelves** are equipped with folded edges and side rails to prevent the load from falling, while the welded and polished corner joints eliminate any gap where dirt could hide. The structure rests on 20 mm square legs, complete with **corner bumpers** to preserve the integrity of walls and furniture during movement.

Technical features

- **Material:** High-resistance stainless steel
- **Configuration:** 2 shelves with side rails
- **Total dimensions:** W 95 x D 51 x H 94 cm
- **Distance between shelves:** 60 cm
- **Load capacity:** 40 kg per shelf (80 kg total)
- **Movement system:** 4 swivel wheels, 2 of which are equipped with parking brakes
- **Protection:** 4 integrated rubber bumpers on the legs
- **Leg structure:** Square tubulars with 2 cm diameter
- **Assembly:** Supplied in flat pack, estimated time 10 minutes (tools included)
- **Net weight:** 12 kg
