

Stainless steel service trolley with 4 shelves h09_254

Service trolley in AISI 304 stainless steel with 4 soundproofed shelves (90x60xh170 cm), designed for intensive professional handling.

The **h09_254** service trolley represents a professional solution for handling and temporary storage in environments requiring the highest standards of hygiene and resistance. Entirely constructed from **AISI 304 stainless steel**, this model stands out for the stability of its 25 mm tubular structure and the quality of its four shelves. The tray-shaped configuration with rounded edges and high sheet thickness ensure safe load management, while the integrated **soundproofing** system drastically reduces noise pollution during transit in aisles or dining rooms.
