

Stainless steel soap dispenser h21868

Horizontal liquid soap dispenser in AISI 304 stainless steel 1200 ml with anti-drip system. Compact design for professional installations.

The liquid soap dispenser for horizontal installation is a professional solution designed to optimize space and ensure maximum hygiene in high-traffic environments. Made entirely of **AISI 304 stainless steel**, the device responds to the needs for robustness and durability typical of public and healthcare contexts. The horizontal structure allows integration in workstations where vertical dimensions are limited, without sacrificing a significant loading capacity.

Technical features

- Material: high-resistance AISI 304 stainless steel
- Dispensing system: technical anti-drip valve
- Tank capacity: 1200 ml
- Monitoring: integrated front level indicator
- Configuration: horizontal wall installation
- Overall dimensions: 157 x 178 x 125 mm

Available finishes:

- Satin stainless steel
- Polished stainless steel
