Stainless steel toilet seat cover dispenser h218_128

Toilet seat cover dispenser in AISI 304 stainless steel, dimensions 285x400x50 mm. Durable and high-capacity, ideal for high-traffic restrooms.

The **hygienic toilet seat cover dispenser** represents an essential solution to ensure high hygiene standards in public and professional restrooms. Designed to meet the needs of contexts characterized by a **high user turnover**, this device allows for the single dispensing of protective covers, reducing direct contact with surfaces and improving the perception of cleanliness in the environment.

The structure is entirely made of **AISI 304 stainless steel**, a material selected for its excellent resistance to corrosion and impact, ensuring a long operational life even in conditions of intensive use. The compact and functional design facilitates wall mounting, optimizing the available space.

Technical features

- **Material:** high-quality AISI 304 stainless steel
- **Available finishes:** satin or polished
- **Capacity:** designed to hold 200 to 250 seat covers
- **Dimensions:** 285 x 400 x 50 mm
- **Dispensing system:** manual bottom extraction
