

Stainless Steel Tray Trolley capacity 30 GN 1/1 trays h2200151

Professional **triple column** tray trolley entirely made of **stainless steel**. Capacity **30 GN 1/1 trays**, ultra-robust square tube structure and 12.5 cm swivel wheels. The high-density solution for large canteens, hospitals and catering centers.

The **triple column tray trolley** is the ultimate answer to the needs of massive storage and transport in collective catering. Designed for large company canteens, meal production centers, hospitals and high-volume catering, this model allows to manage **30 GN 1/1 trays** in a single move, drastically optimizing service and clearing times.

The structure is made of **high-quality stainless steel** with 2x2 cm square tube and bolted crossbars, a configuration that gives the trolley exceptional rigidity even when fully loaded. The "L" guides in stainless steel sheet ensure smooth and safe insertion of the trays, while the **11 cm pitch** ensures the necessary space for transporting crockery or ready meals. Despite its large size, maneuverability is excellent thanks to the 12.5 cm swivel wheels and the **gray rubber corner bumpers** that protect work environments from accidental impacts.
