

Stainless steel tray trolley h215158

Professional XL stainless steel tray trolley for 18 GN 2/1 containers (59x67x173 cm). High-capacity vertical structure, 150 kg load capacity and silenced wheels with brake.

The **professional high-capacity tray trolley** is the definitive solution for large-volume logistics management in hotels, cooking centers, canteens, and catering services. Made entirely of **stainless steel**, this tool offers impeccable resistance to corrosion and guarantees deep sanitation, essential for compliance with HACCP regulations. The structure is calibrated to accommodate up to **18 Gastronorm 2/1 containers** (or 36 GN 1/1 containers), allowing for the movement of massive loads in total safety. Thanks to the vertical design that optimizes height and integrated wheels with a locking system, it resolves the criticalities of transport between preparation and distribution areas, maximizing the operational efficiency of the staff even during peak hours.

Technical features

- **Material:** high-resistance professional stainless steel
- **Capacity:** 18 Gastronorm GN 2/1 containers (or 36 GN 1/1)
- **Total dimensions:** W. 590 x D. 670 x H. 1730 mm
- **Maximum load capacity:** 150 kg (stability guaranteed at full load)
- **Distance between runners:** 75 mm (ideal for optimal air circulation)
- **Movement:** 4 high-smoothness multi-directional wheels
- **Safety:** 2 wheels equipped with parking brake
- **Weight:** approximately 25 kg
