

Stainless steel tray trolley h488_07

AISI 201 stainless steel bakery trolley for 15 EN 400x600 mm trays. Robust vertical structure (38x55x173 cm) with swivel wheels and parking brakes.

The **professional Euronorm tray rack** is a versatile and cost-effective logistical solution, ideal for handling trays and pans in pastry shops, bakeries, hotels, and restaurants. Made of **AISI 201 stainless steel**, this model offers excellent structural resistance and an easy-to-sanitize surface, effectively meeting the daily needs of food laboratories. The single-column structure is designed to accommodate up to **15 trays of 400 x 600 mm**, optimizing vertical space thanks to its 173.5 cm height. The four swivel wheels ensure excellent maneuverability even in tight spaces, while the integrated brakes allow for secure positioning during loading phases.
