

Stainless steel umbrella stand h957_27

Professional umbrella stand in polished AISI 430 stainless steel, Ø 21.5x51 cm, with shockproof water collection tray. Ideal for B2B and HoReCa entrances.

The **metal umbrella stand H957_27** represents a technical and design solution for managing wet umbrellas in professional contexts. The structure is made of **polished AISI 430 stainless steel**, a material selected to guarantee high resistance to corrosion, scratches, and mechanical wear. The integration of **polyethylene** finishes and a dedicated internal tray ensures maximum protection for flooring, preventing water stagnation and improving the safety of reception environments such as offices, hotels, and restaurants.

Technical features

- **Body material:** High-performance polished AISI 430 stainless steel
- **Finishes:** High impact resistance polyethylene
- **Water collection tray:** Shockproof polystyrene, removable for maintenance and cleaning
- **Dimensions:** Diameter 21.5 cm x Height 51 cm
- **Operating weight:** 1.5 kg
- **Durability:** Tested for stability, abrasion, and compliance with fire safety regulations
- **Aesthetics:** Cylindrical design with black finish details
