

Stainless steel waste bin h8620

70 lt stainless steel waste bin with pedal and wheels. Linear design for HoReCa. Quick front removal.

Waste bin with a **simple and linear design** ideal for professional environments such as restaurants, hotels and bars. Made entirely of **stainless steel**, it guarantees **resistance and durability over time** even in high-traffic contexts and with frequent cleaning cycles. The robust structure allows for hygienic and efficient waste management in kitchens and service spaces.

The **waste bag removal is simple and fast**, thanks to the front opening of the container. The **large pedal** facilitates access with one hand, while the **two wheels with Ø 95 mm** allow for easy movement even on irregular floors.

Technical characteristics
