Standard wet umbrella drip-catcher wrappers h35803

Standard drip-catcher bags for wet umbrellas. Pack of 1000 wrappers.

The **standard wet umbrella drip-catcher wrappers h35803** are professional consumables designed for managing order and safety at the entrances of commercial businesses and offices. Made from **regenerated material** (minimum 30% recycled plastic) with a transparent matte finish, these bags represent a conscious choice for environmental respect. The design includes a specific **top hole** that facilitates insertion into pedestal displays and a pre-tear system for quick extraction. Using these wrappers solves the operational problem of slippery floors and uncontrolled dripping on goods and furniture, offering customers a practical solution for carrying their wet umbrella inside the premises.
