

Steel bench for public spaces h287_221

Galvanized steel bench for public spaces without backrest. Dimensions: L.150 x D.47 x H.45 cm.

Urban furniture bench ideal for furnishing public places with style, such as parks, municipal villas and gardens. The **bench** is made using 2 supports in 60/10 thick laser-cut shaped steel sheet. **The seat is made of 20 mm galvanized steel round tube** with black PE finned spherical head caps at the ends. The product provides for ground-level installation.

The bench is manufactured in compliance with safety requirements and UNI 11306:2009 test methods. The production and painting processes are based on the use of **non-toxic substances**, guaranteeing at the same time **resistance** to atmospheric agents and wear over time.

Upon customer request, the bench is available in different colors.
