

Steel bench for public spaces h287_309

Urban furniture bench in galvanized steel. Fixing: to be bolted. Dimensions: L.200 x D.65 x h.81 cm.

Bench for green spaces, ideal for enriching public parks and gardens. Consisting of a structure composed of: **2 round steel tube bases** designed to be **bolted to the ground**, **3 steel sheet supports** that support the backrest and **seat and backrest made with Ø20 mm galvanized round steel tube profiles**, closed at the ends by PVC caps. The entire product is painted using electrostatic guns and subsequently oven-dried. This particular process makes the bench **suitable for outdoor use and resistant to atmospheric agents**.

Technical features:

- Dimensions: L.200 x D.65 x h.81 cm
- Material: galvanized steel and steel sheet
- Fixing: to be bolted
- Supplied assembled
- Built according to the safety requirements and test methods UNI 11306:2009
- Available in several colors
