

Steel bench for urban furniture h287_196

Public space bench in galvanized steel round tube with backrest. Dimensions: W.168 x D.62 x H.79 cm. Seat height: 45 cm.

Bench with a refined design **for urban furniture** ideal for offering **a comfortable seat** and enhancing public spaces such as **parks, streets, municipal gardens** and **playgrounds**. The product features a **solid structure** with **galvanized steel** round tube supports with a diameter of 40 mm. The backrest and the seat are composed of **galvanized steel** rectangular tubular slats.

The galvanized steel parts first undergo a **pre-treatment** process of degreasing impurities through steam solutions, then dried and subjected to painting operations using electrostatic guns that cover the pieces with powder paint in a floury state. Subsequently, the product is subjected to polymerization in an oven, a process that allows the powder to solidify by baking at a temperature of 180/200° C in a hot air circulation oven. The pieces coming out of the oven are cooled **naturally**. The powders used in the painting process are **non-toxic** according to **current regulations**.

Technical characteristics:

- Material: galvanized steel
- With backrest
- Dimensions: W.168 x D.62 x H.79 cm
- Seat height: 45 cm
- Anchoring: ground level
- Available in different finishes (on request)
