

## Steel bin h220\_265

Mobile steel bin with opening lid, side handles and 4 wheels, capacity 56 lt. For professional kitchens, restaurants and canteens. The bin is designed for high-traffic environments such as restaurants, canteens, catering services and professional laboratories. The **steel structure** ensures resistance and durability over time, while the **opening lid equipped with a handle** facilitates waste disposal while maintaining hygiene and odor containment. The **side handles** allow for a firm grip for manual transport, and the system of **4 swivel wheels with a diameter of 60 mm** makes movement easy even when the container is fully loaded.

## Technical features

- Structure: steel
- Opening lid with handle or attached to the side of the bucket
- Side handles for transport
- 4 swivel wheels diameter 60 mm
- Capacity: 56 liters
- Internal container diameter: 370 mm
- Internal container height: 520 mm
- External dimensions: H. 620 x D. 400 x W. 460 mm
- Weight: 6.6 kg
