

Steel bottle crate trolley h22056

Crate trolley with four slatted shelves. Nickel-chromium steel structure. Load capacity: 120 Kg. Dimensions: W.1080 x D.570 x H.1610 mm.

Service trolley ideal for transporting bottle crates within restaurants, hotels and commissaries.

Structure with **four slatted shelves** made entirely of nickel-chromium steel. Each shelf is capable of accommodating two standard 400 x 300 mm beverage crates or three 300 x 200 mm beverage crates.

The bottle trolley is easy to move thanks to the four practical **rubber swivel wheels**.

Technical features:

- Material: nickel-chromium steel
- Number of shelves: 4 slatted 1000 x 360 mm
- Distance between shelves: 345 mm
