

Steel column cigarette snuffer h109_277

Outdoor pedestal ashtray in painted galvanized steel. Available in various RAL colors

Cigarette snuffer to be bolted down made of a **steel** flat bar structure. Front and rear are closed by a **sheet metal panel**. In the upper part of the sheet metal, there is a perforated plate for extinguishing cigarettes and a hole to discard the butt. Inside the structure, there is a drawer container with extraction by unlocking a **universal key lock** that allows for the removal of a closing door. The base consists of a square plate that can be fixed to the ground using expansion bolts. All **metal parts** are **galvanized and painted** with thermosetting polyester powders in various RAL colors. Design ashtray easy to use to be positioned outside shops, ice cream parlors, shopping centers, hotels, restaurants, beach areas.
