

Steel hotel luggage rack h3101

Steel hotel room luggage rack without backrest. Folding structure. Dimensions 680 x 410 x h.535 mm.

The **hotel luggage rack h3101** is an essential piece of furniture, designed to offer a practical support surface for guests' luggage. Made with a sturdy **polished chrome steel** structure with a 25 mm diameter, this luggage rack combines solidity and a simple design, capable of integrating harmoniously into the decor of every room. Thanks to its **folding structure** and small footprint, the product solves the operational problem of space management: when not in use, it can be easily folded and stored without taking up floor space. Support is guaranteed by resistant **black PVC straps**, designed to withstand the intense rhythms of professional accommodation facilities.
