

Steel indoor waste collection containers h86_114

Recycling bin with supports for 2 bags of 75lt each. Available in different colors. Dimensions: W.500 x D.450 x H.900 mm.

The **indoor waste recycling container** is an ideal product for offices, public businesses, and waiting rooms. The product features a **solid steel structure** equipped with two **supports for 2 bags** with a capacity of **75 liters each**. The bags remain firmly fixed to the structure thanks to an **easy-to-assemble elastic belt**. The crossbar and lower support are painted **gray**, while it is possible to receive the bag supports by choosing between two options: **blue and yellow or gray and yellow**. Thanks to the reduced opening of the lids, it is also possible to limit the introduction of bulky objects so as not to overfill the bags.
