

Steel IV stand with 4 hooks h582_07

Stainless steel IV stand with 4 hooks and 5-spoke base on wheels. Adjustable height 117-203 cm, ideal for clinical and home care settings.

The professional IV stand represents an indispensable support for the administration of intravenous therapies in healthcare settings and for home care. Made entirely of **stainless steel**, this stand guarantees superior resistance to corrosion and an ease of sanitization fundamental for maintaining aseptic standards in clinical environments. The structure is designed to offer maximum stability and smooth maneuverability during patient transport.

Technical features

- **Material:** High quality Stainless Steel
- **Configuration:** 4 support hooks for bags and bottles
- **Base:** 5-spoke structure for optimal load distribution
- **Mobility:** 5 high-smoothness swivel wheels
- **Vertical adjustment:** Variable height from 117 cm to 203 cm
- **Production:** Made in Italy
