

## Steel luggage trolley with folding base h09188

Two-wheeled luggage trolley in chrome-plated stainless steel with folding base and carpeted platforms. Wheels Ø 250 mm. Dimensions W56xD70xH120 cm.

The **two-wheeled luggage trolley** is a compact and highly functional logistics solution, specifically designed to optimize luggage transport in hotels, holiday resorts, and accommodation facilities. Its main function is to facilitate the rapid movement of suitcases of different sizes, solving the operational problem of storing trolleys when not in use thanks to the practical **folding base**. Made with a sturdy **chrome-plated stainless steel** structure and wooden platforms covered in carpet, the trolley guarantees stable and gentle support for guests' luggage, protecting them from scratches and slips during the journey to the rooms.
