

Steel office task chair h449_183

Swivel task chair with shaped backrest and ergonomic adjustments. Dimensions: D 63 x H from 108 to 120 cm.

The **steel office task chair H449_183** is an ergonomic seat designed to ensure comfort and functionality during daily work activities. Perfect for offices and home offices, it offers a combination of **compact design, resistant structure, and safety certifications** that make it ideal for use up to **8 hours a day**.

The **steel structure** ensures solidity and long life, while the **padded seat** with T25 shaped foam offers comfortable support. The **padded and shaped backrest** is adjustable in height and depth, allowing the chair to be adapted to the user's body shape and reducing fatigue during work.

The H449_183 is equipped with a **permanent contact mechanism**, which allows the backrest to follow the movements of the back, promoting correct posture. The **TUV certified gas elevation**, compliant with **DL 81/08** and the **EN 1335-B** standard, guarantees safe and reliable adjustments.

The **Ø 63 cm base with Ø 50 mm nylon wheels** ensures stability and mobility. **Armrests are not included, see optionals**, but can be purchased as an option. With a **maximum capacity of 90 kg**, the chair represents a practical and economical solution for task workstations.

Order the **H449_183 task chair** now and improve your workspace with an ergonomic, certified, and resistant seat.
