

Steel tipping skip tank height 45 cm h883_44

Tipping skip in painted carbon steel. Dimensions: 130x86 x h. 80 cm. Tank height: 45 cm. Capacity: 600 kg.

Tipping skip in painted carbon steel for use in the industrial sector. The skip represents an essential piece of equipment for optimizing material management in the industrial environment. Made of high-quality **painted carbon steel** and equipped with **wheels for greater maneuverability**, this skip combines resistance, practicality, and versatility to meet the most demanding needs of the sector. Our steel tipping skip is intended for companies and professionals in the industrial sector looking for robust and efficient solutions for handling heavy materials, wishing to optimize work processes and improve overall productivity. Why can the purchase of an industrial skip be useful? The purchase of an industrial skip offers numerous advantages, including greater efficiency in material handling, a reduction in the risk of accidents in the workplace, and better organization of storage and transport spaces.

Technical features:

- Material: Painted carbon steel
- Dimensions: 130x86x h. 80 cm
- Tank Height: 45 cm
- Maximum Capacity: 600 kg
- Wheels included
- Made in Italy

Why choose our tipping skip?

- **Sturdiness and Reliability:** Built with painted carbon steel, this skip offers extraordinary resistance, ensuring safe and reliable management of heavy materials.
- **Maximum Loading Capacity:** With dimensions of 130x86x h. 80 cm and a tank height of 45 cm, this skip can support up to 600 kg of load, offering an efficient solution for transporting large quantities of materials quickly and safely.
- **Ease of Movement:** The included wheels allow for easy movement of the skip even on irregular surfaces, ensuring greater flexibility and work speed.
- **Suitable for Various Applications:** Perfect for a wide range of industrial sectors, from construction to logistics, this skip is ideal for transporting materials such as scrap, waste, and much more.

Don't let material handling slow down your business. Buy our steel tipping skip now and discover how to improve efficiency and safety in your workplace. Or, contact us to request a customized quote for larger quantity purchases!
