FAQ:

1. **Is it also suitable for beauty centers in addition to medical clinics?**
Yes, it is indicated for medical clinics and beauty centers.
2. **Is the stool easy to move?**
Yes, the base is equipped with wheels for greater mobility.
3. **What is the adjustable height?**
The height is adjustable from 46 cm to 60 cm.
4. **What is the maximum load supported?**
The maximum load is 120 kg.

5. Is the seat available in multiple colors?

Yes, the faux leather seat is available in a wide range of colors.

Quick buying guide:

If you work in a medical clinic or beauty center, choose a stool based on how much you move during the day: the presence of **wheels** is useful when you have to move often between instruments and workstations. Then check the height range (**46–60 cm**) to ensure it is suitable for your work surface and the type of activity you perform. Also consider stability and overall dimensions: a **Ø 60 cm base** guarantees stable support. Finally, evaluate comfort and aesthetic appeal: **faux leather** improves comfort and the **wide range of colors** allows you to coordinate the stool with the environment.

Stool for medical clinics with wheels, medical clinic stool plastic base, stool for beauty centers, stool height 46 60 cm, faux leather stool colors, base Ø60 stool, seat Ø34 stool, H930_83.
