

Storage cabinet with hinged doors h796_23

Multipurpose steel metal cabinet (120x45x90 cm) with 4 adjustable shelves and hinged doors with 45° dustproof closure. The **multipurpose metal cabinet** is a technical solution designed for the rational organization of documents, files, and materials in high-density operating environments. The structure, solid and compact, is made entirely of **first-choice sheet steel**, treated with non-toxic epoxy paints to ensure maximum wear resistance and durability over time. The two hinged door closing system is distinguished by the **45° rebate**, a fundamental technical feature to minimize dust entry and protect the internal contents.

Technical characteristics

- **Dimensions:** W.120 x D.45 x H.90 cm
- **Material:** first-choice sheet steel
- **Finish:** painting with non-toxic epoxy powders
- **Closing system:** 2 hinged doors with 45° dustproof rebate
- **Internal configuration:** 1 compartment with 4 adjustable shelves
- **Shelf adjustment:** 4 cm pitch for space optimization
- **Standard color:** RAL 9006 grey

Optional: upon request and subject to a quote, it is possible to request customized colors to integrate the cabinet into specific furnishing contexts.
