

## Storage cabinet with sliding doors h796\_18

Office cabinet in sheet steel, 120x45x200 cm, with space-saving sliding doors and 4 adjustable shelves for intensive filing.

The **monobloc office cabinet** represents a professional solution for the organization and storage of documents, binders, and operational materials. The structure, made of **first-choice sheet steel**, is designed to withstand heavy loads and frequent use in corporate or administrative contexts. The integration of **two sliding doors** allows access to the content without occupying the front opening radius, making the furniture ideal for environments with limited space or transit areas.

## Technical characteristics
