

Storage trolley cabinet for nursery school h872_30

H872_30 storage trolley cabinet with 6 colored trays, structure with anti-fall edge and 6 braking wheels. Ideal for schools and nurseries.

The **H872_30 storage trolley cabinet** represents an advanced logistical and pedagogical solution for the organization of spaces within **kindergartens, nurseries and educational centers**. Designed to combine the need for storage with the need for a mobile work surface, this module allows teaching materials to be kept always accessible and tidy, facilitating the daily activities of teaching staff and children's autonomy.

The design integrates a **top shelf with raised perimeter edge**, a fundamental technical feature to prevent the accidental fall of objects during movements or educational-play activities. The internal configuration includes a system of **removable trays in resistant plastic**, differentiated by color and size, which optimize the classification of books, construction sets and other pedagogical aids.

Technical features

- **Total dimensions:** W 120 x D 80 x H 60 cm
- **Storage system:** 4 small trays (green color, height 75 mm) and 2 large trays (blue color, height 150 mm)
- **Container material:** High-resistance technical plastic
- **Structure:** Top shelf with anti-fall containment edge
- **Mobility:** 6 swivelling wheels equipped with parking brake
- **Safety certifications:** Compliant with UNI EN 1729-1:2016 standard and CE directives
- **Supply condition:** Delivered disassembled with kit and assembly instructions
- **Warranty:** 5 years
