

Street furniture bench with planters h287_150

Bench for public spaces in metal with **two side planters**. Dimensions: **L.280 x D.65 x h. 82 cm**

Bench with two planters for street furniture consisting of no. 4 uprights in round galvanized steel tube Ø 60 mm with a decorative spherical element at the top (pine cone on request) made of hot forged iron. External frame made of galvanized steel tubing of various sections and a cross-brace equipped with a stamped steel flower. Hot-dip galvanized steel sheet container th. 20/10. Hot forged steel bases. **Bench, 150 cm long**, consisting of square steel tubular supports section 30 x 30 mm. Seat and backrest made using oval steel tubular slats section 40 x 20 mm equipped with black finned PE end caps. The galvanized steel parts first undergo a degreasing pre-treatment process for impurities through steam solutions, subsequently dried and subjected to painting operations using electrostatic guns that cover the pieces with powder paint. Subsequently, the product is subjected to polymerization in an oven, a process that allows the powder to solidify by baking at a temperature of 180/200° C in a hot air circulation oven. The pieces coming out of the oven are cooled naturally. The powders used in the painting process are non-toxic according to current regulations.

Technical features:

- Bench with no. 2 side planters
- Material: galvanized steel
- Bench-only length: 150 cm
- Total dimensions: L.280 x D.65 x h. 82 cm
- Anchoring: flush with the ground
- Supplied in assembly kit
