

Student school desk h908_83

Single-seater two-column school desk in steel and beech, 70x50x71 cm. Reinforced structure and integrated undershelf for intensive use in classrooms.

The **H908_83 single-seater school desk** represents a technical furnishing solution designed to meet the robustness and functionality needs of modern educational institutions. The **two-column** configuration has been engineered to offer superior stability compared to traditional models, making it suitable for environments with high attendance rates. The rational design facilitates integration into classrooms, laboratories, and study rooms, solving the problem of instability and premature wear of structural components.

Technical features

- **Type:** Single-seater two-column desk for professional school use
- **Frame:** Steel structure with Ø28 mm tube legs, aluminum-colored painted finish
- **Worktop:** Ivory finish surface, scratch-resistant and stain-resistant properties
- **Undershelf:** Solid/multilayer beech storage compartment for educational material
- **Dimensions:** Width 70 cm, Depth 50 cm, Height 71 cm
- **Ergonomic target:** Ideal for middle and high school students
- **Stability:** Double-column design for uniform load distribution
