

Student school desk with ivory top h908_90

Single-seater school desk h908_90 in steel with X-structure, 70x50 cm top and 82 cm height. Superior stability for high schools and intensive use.

The **h908_90 school desk** is a single-seater workstation designed for furnishing high-traffic classrooms. Characterized by an **X-shaped load-bearing structure**, the system distributes the load evenly to prevent oscillations and ensure maximum operational stability. The use of **steel tubulars with a diameter of 40 mm** ensures high mechanical resistance to impacts and daily stresses typical of the school context.

The ergonomic configuration with a fixed height of **82 cm** is specifically designed for secondary school students, promoting the maintenance of a correct posture during prolonged study sessions. The **ivory**-toned work surface offers a balanced visual contrast, facilitating concentration and readability of teaching materials, while the aluminum-colored frame finish provides a modern and professional aesthetic.
